	Technical cookie	JSESSIONID, eZSESSIONID[hash], ASP.NET_SessionId	-	These cookies are used to save a unique identifier for the session. They expire at the end of the session	

				itself.	
Adform	Profiling cookie	cid	2 months	Optimises the viewing of advertising according to the movements of the user and the various offers from advertisers for viewing by the user	https://site.adform.com/privacy-policy-opt-out/
	Profiling cookie	uid	2 months	This cookie is used to assign the users of the website with a unique user ID which recognises the user during return visits.	
Bing	Profiling cookie	_uetsid	30 minutes	This cookie allows for interaction with a user who has already visited the website.	https://privacy.microsoft.com/it-it/privacystatement
	Profiling cookie	MUID	13 months	Bing Ads uses the Microsoft user ID (MUID) in order to allow the counting of valid clicks.	
	Profiling cookie	MUIDB	13 months	This cookie is a thirdparty analysis service which connects data from the Bing advertising network with actions carried out on the website.	
Cloudflare	Technical cookie	__cfduid	1 year	This cookie is used to identify individual clients using a shared IP address and apply the safety settings	https://www.cloudflare.com/security-policy/

				according to the client.	
Criteo	Profiling cookie	eid	6 months	Questi cookie segnalano a un publisher (cioè il sito che ospita la pubblicità) quale è l'inserzionista, in modo da poter escludere di visualizzare la pubblicità su quel sito. This cookie reports to a publisher (the website that hosts the advertising) on the identity of the advertiser in order to allow the blocking of viewing the advertising on that website.	https://www.criteo.com/privacy/
	Profiling cookie	uid	2 months	This cookie is used to assign the users of the website with a unique user ID which recognises the user during return visits.	
DigitalPoint	Technical cookie	csbwfs_show_hide_status	24 hours	A DigitalPoint spider which tracks various forms of information during navigation on the website.	https://www.digitalpoint.com/help/terms
DoubleClick Ad Services	Profiling cookie	test_cookie	15 minutes	DoubleClick uses cookies to publish advertising on thirdparty websites. This cookie publishes pertinent advertising for potential clients,	http://www.google.com/intl/en/policies/privacy/

				and gathers information on whether and how they interact with these adverts.	
	Profiling cookie	FLC	-	This cookie is used for the limitation of online advertising and to avoid the duplication of adverts on a page, that is to avoid that a user sees the same advert more than once.	
Facebook		_fbp	10 minutes	This cookie contains a unique user ID	https://www.facebook.com/policies/cookies/
	Profiling cookie	stats, loggeddatr, reg_fb_gate, reg_fb_ref, reg_fb_ext, wd, c_user, lu, sct, xs, x-referer, presence, p, lsd24, locale, _e_, fr, sub	-	These cookies allow for users to be provided with the most appropriate adverts, personalising their navigation experience, determining if adverts have been shown, which adverts have been shown, and assessing their impact. The cookies also facilitate the sharing of information with Facebook.	
Google Universal Analytics	Technical cookie	__utma	2 years	This cookie is used to distinguish users and sessions.	https://policies.google.com/privacy

Technical cookie	__utmb	30 minutes	This cookie is used to memorise the timestamp of the visit to the website
Technical cookie	__utmc	1 minute	This cookie is used to memorise the timestamp of the visit
Technical cookie	__utmt	10 minutes	This cookie is used for the limitation of request speed.
Technical cookie	__utmt_b	10 minutes	This cookie is a variation of the _utmt cookie and is used to limit the quantity of data recorded by Google on websites with high levels of traffic.
Technical cookie	__utmv	2 years	This cookie is used for the personalisation of the user's navigation.
Technical cookie	__utmz	6 months	Memorises the source of traffic or the campaign which explains in which way the user reached the site.
Technical cookie	_dc_gtm_UA-xxxxxxxx-x	1 minute	This cookie is associated with websites that use Google Tag Manager to load more script and codes in a page. Without this cookie, other scripts may not function correctly. The end of the name is a univocal number,

			which is also an identifier for an associated Google Analytics account
Technical cookie	_ga	2 years	This cookie is used to identify individual users by assigning a number generated randomly as a client ID. It is included in every website and is used to calculate the number of visitors and data useful to produce analysis reports.
Technical cookie	_gat	1 minute	A cookie used to limit the request speed, limiting the gathering of data on websites with high traffic.
Technical cookie	_gat_UA-xxxxxxxxx-x	1 minute	This cookie is a variant of the _gat cookie and is used to limit the quantity of data recorded by Google on websites with high levels of traffic.
Technical cookie	_gcl_au	1 year	This cookie is used to identify individual users by assigning a number generated randomly as a client ID.

	Technical cookie	_gid	24 hours	This cookie is used for the re-targeting, the optimisation, the reporting and the attribution of online adverts.	
	Profiling cookie	IDE	13 months	This cookie is used for the re-targeting, the optimisation, the reporting and the attribution of online adverts.	
	Profiling cookie	exchange_uid, __gads	-	These cookies are used for the management of advertising offered by Google.	
	Profiling cookie	NID, SID	-	These cookies are used to customize ads on Google properties, like Google Search. For example, these cookies are used to remember the most recent searches, previous interactions with an advertiser's adverts or search results, visits to an advertiser's website and to visualise personalised adverts.	
Hotjar	Technical cookie	_hjIncludedInSample	365 days	This session cookie is set to discover if the visitor is included in the sample used to generate marketing funnels.	https://www.hotjar.com/privacy

	Profiling cookie	_hjClosedSurveyInvites	365 days	This cookie is set once a visitor interacts with a popup inviting them to take part in a Survey. It is used to guarantee that the same invitation does not appear again if it has already been shown to the visitor.
	Profiling cookie	_hjDonePolls	365 days	This cookie is set when a visitor carries out a survey using the feedback widget. It is used to guarantee that the same survey does not appear again if the feedback has already been carried out.
	Profiling cookie	_hjMinimizedPolls	365 days	This cookie is set once a visitor minimises a widget which asks for feedback on a survey. It is used to ensure that the widget stays minimised when the visitor navigates on the website.
	Profiling cookie	_hjDoneTestersWidgets	365 days	This cookie is set once a visitor sends their information through the Recruit Tester User widget. It is used to guarantee that the same form does not appear again if it has already been completed.

	Profiling cookie	_hjMinimizedTestersWidgets	365 days	This cookie is set once a visitor minimises a Recruit Tester User widget. It is used to ensure that the widget stays minimised when the visitor navigates on the website	
LinkedIn	Profiling cookie	UserMatchHistory	1 months	LinkedIn Feed and Insight Tag	https://www.linkedin.com/legal//cookie-table
	Profiling cookie	bcookie	1 months	Requests to LinkedIn	
	Profiling cookie	lang	end of session	Requests to LinkedIn	
	Profiling cookie	lidc	end of session	Requests to LinkedIn	
Salesforce	Technical cookie	sfdc-stream	120 minutes	This cookie is used to maintain the sessions and to integrate the services with the	https://www.salesforce.com/company/privacy/

				Banca IFIS frontends. con i frontend di Banca IFIS.	
Twitter	Profiling cookie	personalization_id	2 days	This cookie allows the sharing of content on Twitter	https://twitter.com/en/privacy/previous/version_11
Visual Website Optimiser (VWO)	Technical cookie	_vwo_uuid_v2	1 year	These cookies gather anonymous information on how the visitors interact with the pages on the website. This information is used to improve the website.	https://vwo.com/privacy-policy/
Webtrekk	Technical cookie	wt_nbg_Q3	300 seconds	The wt_nbg_Q3 cookie is a third-party technical cookie used by Webtrekk load balancers to assign calls to the correct server. It does not save any information regarding the user and its content does not have any effect on the data tracked. This cookie is set by the first call sent to Webtrekk during a session.	https://www.webtrekk.com/en/legal/opt-out-webtrekk/
	Technical cookie	wt3_sid	1 minute	This cookie tracks visit(s) to the website(s) in an anonymous and aggregated manner.	
	Technical cookie	wt3_eid	180 days	This cookie tracks visitor(s) to the website(s) in an	

				anonymous and aggregated manner. It does not save any sensitive information regarding the user.	
	Technical cookie	wteid_814599373069108	6 months	This cookie is used to recognise the web browser.	
Wordpress	Technical cookie	stats	-	This cookie allows for the gathering of statistics on user access for safety purposes.	https://wordpress.org/about/privacy/
	Technical cookie	logged	-	This cookie is a marker which tracks user access, necessary for popup-free navigation.	
	Technical cookie	wordpress_[hash], wordpress_logged_in_[hash], wp-settings-{time}-{UID}	-	WordPress uses the wordpress_[hash] cookie to save authentication data. Its use is limited to the administrator console area. After login, WordPress sets the wordpress_logged_in_[hash] cookie, which indicates when a user has logged in. WordPress also sets a couple of wp-settings-{time} – [UID]. The UID parameter is used to personalise the visualisation of the user interface.	

	Technical cookie	comment_author, comment_author_email, comment_author_url	-	When visitors leave comments on the blog, “comment_” type cookies are used to memorise the information regarding the name and email of the visitor for successive comments. These cookies are set to expire one year after their installation.	
Youtube	Technical cookie	PREF	8 months	The PREF cookie memorises basic preferences, such as the choice of language, the format of the research results, how information is viewed, so that the user does not need to set the preferences every time they visit the website.	https://policies.google.com/privacy?hl=en
	Technical cookie	VISITOR_INFO1_LIVE	6 months	This cookie is used to measure bandwidth in order to determine the version of user interface to be used.	
	Profiling cookie	recently_watched_video_id_list	-	This cookie is used to record the videos seen recently via the browser.	
Zopim	Technical cookie	__zlcmid	1 year	This cookie is used to identify the device during visits and allow the use of live chat.	https://www.zendesk.com/company/customers-partners/#cookie-policy
